

Greetings on the 15th Congress of the Communist Party of Brazil

Dear comrades,

The Communist Party of the Workers of Spain (PCTE) expresses its highest solidarity with the Communist Party of Brazil (PCdoB) on the occasion of its 15th Congress, held on October 15-17, and the centenary of the foundation of the Communist Party of Brazil.

The Brazilian and Spanish working class and both Communist Parties are facing hard times in their respective countries. The current capitalist crisis —whose catalyst is the Covid-19 pandemic— is the reason of the many attacks against the labor and life conditions of workers and their families. The task of the Communist Party is to struggle against those attacks, aiming to overthrow this system and seize power for the working class. Such a goal demands from us many efforts, including time devoted to discussion. The Congress is the perfect space for it, and we are glad to know about yours.

Comrades,

The PCTE is also holding its Congress in November 12-14. Such date is not only because of the need to discuss and advance in the communist struggle, but also because we are making a tribute to the history of communists in Spain. On November 14, one hundred years will have elapsed since the foundation of the Spanish Section of the Communist International. It is not a coincidence that both parties were founded in the same year, but a result of class struggle worldwide. Today, like then, communists need to do our best in order to fulfill our quest. There is a long path ahead and our Congresses are one step further on it. This is why we wish you the greatest results from your Congress, as we wish the same for ours.

Comradely yours,

Communist Party of the Workers of Spain (PCTE)

October 2021.
