Walter Sorrentino
International Relations Secretary
The Communist Party of Brazil (PCdoB)

Dear Comrades:

Activist Group Shiso-Undo would send to you a message of international solidarity on the occasion of the 15th Congress of the Communist Party of Brazil (PCdoB).

We learned that your party will hold the 15th Congress on October 15 through 17. We sincerely hope that this Congress would be held successfully and that you would achieve fruitful results.

We are convinced that the present age is the era of the general transition from capitalism to socialism, and we are struggling for socialism every day in Japan. As in your country, hate crimes have been rampant in Japan, and the government and mass media are spilling bad publicity and bashing against neighboring People's Republic of China and the Democratic People's Republic of Korea every day. Under these circumstances, in Japan, chauvinism against Koreans in Japan appears in a violent manner, and basic human rights such as the right to education continue to be violated by the government.

We must not forget the history of Japanese imperialism colonizing the entire Korean Peninsula and invading China and other neighboring countries in Asia, but we have to continue to talk about, educate and remember that history. This is because "a nation that oppresses other nations cannot be truly free."

We pay tribute to your party for its resolute struggle with the flags of socialism and proletarian internationalism in the South American continent. At the foot of Japanese imperialism, we also pledge to raise the flags of socialism and proletarian internationalism.

Hurray for the 15th Congress of the Communist Party of Brazil (PCdoB)!

Hurray for Socialism and Proletarian Internationalism!

Workers and oppressed peoples of all over the world, Unite!
