### **The Central Committee, Communist Party of Brazil(PCdoB)**

Dear Comrades,

We are very happy to know that the 15<sup>th</sup> Congress of the Communist Party of Brazil (PCdoB) will be held on October 15, 16 and 17, 2021.

On behalf of the National Council of the Communist Party of India, and my own behalf I convey warm fraternal greetings to the leadership and those delegates who will be participating at the 15<sup>th</sup> Congress of the Communist Party of Brazil (PCdoB).

The 15<sup>th</sup> Congress of the PCdoB is taking place through online due to the **Covid 19** Pandemic situation world over and its disastrous consequences on the economic, political and social life of the common people while the aggressive role of finance capital is jeopardizing national economies of different countries. At the same time US imperialist and NATO's policy of threats, sanctions and intimidation are continuing various part of the world though finally US and NATO military forces had to leave Afghanistan after 20 years of occupation. The Continuation of Israeli aggression and occupation of Palestine is endangering the peace and stability the world over.

Your Congress is also taking place in the background of the ongoing victory of the Leftist forces in Latin America. The election of Luis Arce, in Bolivia; the leadership of Alberto Fernandez, in Argentina; the election of a new Constituent Assembly in Chile; the victory of Professor Pedro Castillo, in Peru, are all signs of the growth of progressive and leftist forces.

In this context the initiative of PCdoB to form broad alliance in defence of democracy, rights of the working class and other strata of the society has enhance the prestige of PCdoB and has created confidence among the people that present reactionary regime will definitely fall and the democratic and human rights will be once again restore in the country thus Brazil will earn great respect among the international community.

Dear comrades,

We have gone through your draft political resolution. We believe that Your political resolution will help us in critical way to understand of the present political and economic development in Latin America and present phase of the Left and Communist movement in that continent. We believe that the political outcome of the 15<sup>th</sup> Congress will have far reaching positive impact on the working class and popular forces of Brazil in their struggle for democracy, peace and for social justice.

Dear Comrades,

Our Party well aware well aware of the revolutionary history of PCdoB which made tremendous sacrifices from its inception by fighting and defeating the fascist and dictatorial rules and with enormous experience of working underground and over ground, playing important role in the struggle for democracy in Brazil.

We highly appreciate the role of PCdoB for its solidarity with the struggles of the people throughout Latin America, particularly with the Republic of Cuba and Bolivarian Republic of Venezuela. We also appreciate the role of PCdoB for its positive contribution in strengthening international communist movement.

Dear Comrades,

Our two parties, the Communist Party of India and Communist Party of Brazil (PCdoB) have excellent fraternal relations. But situation demands more political interactions between our two parties to contribute more for the struggle for peace, democracy, social justice and finally for socialism. We wish all success to the 15<sup>th</sup> Congress of the Communist Party of Brazil (PCdoB).
