To delegates and guests
15th Congress
of the Communist Party of Brazil

Dear comrades in the class struggle!

The Central Committee of the Communist Party of Ukraine and I personally warmly and cordially congratulate the delegates and guests of the 15th Congress of the Communist Party of Brazil, all party members on an important event in the political life of your organization. Please accept our best wishes for success, political firmness and decisiveness in developing, on the basis of creative comprehension and use of Marxism-Leninism, the modern social and political tasks of the party. We wish you success in your struggle for the inalienable right of the Brazilian working people to move forward along the path of democracy, justice and peace, socialism.

Today, due to the general global economic and financial crisis, intensified by the pandemic of the coronavirus infection COVID-19, the criminal policy of the United States, its satellites: the EU, IMF, NATO, which led to new military conflicts and terrorism, to the revival of fascism, attacks on democratic rights and freedoms of citizens, the question of the need for our common struggle for democracy and socialism, for strengthening the unity of the international communist and workers' movement, has become more acute than ever.

We, the communists of Ukraine, are delighted with your political actions against the anti-people power in your country. The Communist Party of Ukraine, welcoming your persistent class struggle to protect the interests of the proletariat, all the working people of your country, knowing what hardships the Communists of Brazil have gone through and are going through today, highly appreciates your international solidarity and fraternal support of our working people and our Party. We assure that we will continue to make every effort to strengthen our international solidarity and fraternal friendship in the struggle for our common goals and ideals!

I wish you all good health, political optimism, new achievements for the good of the working people of Brazil!

Long live Marxism-Leninism!
Long live socialism!
Long live the Communist Party of Brazil!
Workers of all countries unite!

With communist brotherly greetings,

**First secretary
Central Committee
of the Communist Party of Ukraine
Petro Symonenko**
